How can I find out the status of my paperwork with the USCIS?

U.S. Citizenship and Immigration Services
The USCIS website has information on every type of form, addresses for INS offices, information on fee changes, and a place to order forms online or through the mail.

If you have an emergency, or can't get the help you need from these resources, I might be able to help. However, I will need your written permission to help with most INS matters. You can download my Authorization Form and fax it or mail it to my office.
